Dear Andrew,

Please be advised that we have approved a second extension to the completion date for the project **010/15** entitled “**Pathways to Market – Knowledge Sharing and Knowledge Creation in Food Innovation Networks**” until **30 June 2019** to enable the completion of the activities described in the original project application.

It should be noted that all other conditions previously specified for the ethics clearance of the project will apply to this variation. Should any adverse events occur to participants during or resulting from the research or any further ethically relevant variations be needed regarding the project's implementation or completion you are required to notify us immediately for further advice or amended clearance.

We wish you all the best for the completion of the project.

Kind Regards,

Sonja
